The provisions of COGSA or such compulsorily applicable ordinances or statutes (except as otherwise specifically provided herein) shall govern before loading on and after discharge from the vessel and throughout the entire time the Goods or Containers or other packages are in the care, custody and/or control of the Carrier, a Participating carrier or independent contractor (inclusive of all subcontractors), their agents and servants, whether engaged by or acting for the Carrier or any other person, as well as during the entire time the Carrier is responsible for the Goods. In the absence of compulsorily applicable legislation, COGSA shall apply during the entire time the Carrier remains responsible hereunder.

c) The Carrier undertakes to procure such services as necessary and shall have the right at its sole discretion to select any mode of land, sea or air transport and to arrange participation by other carriers to accomplish the total or any part of the carriage from Port of Loading to Port of Discharge or from Place of Receipt to Place of Delivery, or any combination thereof, except as may be otherwise provided herein.

d) The Merchant agrees that the Carrier shall be deemed to be a beneficiary of the actual ocean carrier's bill of lading and of all exemptions, limitations of and exonerations from liability therein contained even though the Carrier acts as agent of the Merchant in contracting with the actual ocean carrier for the Carriage of the Goods. e) No agent or servant of the Carrier or other person or class named in subdivision b) hereof shall have power to waive or vary any of the terms hereof unless such waiver or variation is in writing and is specifically authorized or ratified in writing by an officer or director of the Carrier having actual authority to bind the Carrier to such waiver or variation.

9. CONTAINERS WITH HEATING OR REEFER APPARATUS. Containers with temperature or atmosphere control apparatus for heating, refrigeration, ventilation or otherwise will not be furnished unless contracted for expressly in writing at time of booking and, when furnished, may entail increased Charges. In the absence of an express request, it shall be conclusively presumed that the use of a dry container is appropriate for the Goods.

Merchant must provide Carrier with desired temperature range in writing at time of booking and insert same on the face side of the Bill of Lading, and where so provided, Carrier is to exercise due diligence to maintain the temperature within a reasonable range while the Containers are in its care, custody and/or control or that of any Participating carrier or independent contractor. The Carrier does not accept any responsibility for the functioning of temperature or atmosphere-controlled Containers not owned or leased by Carrier or for latent defects not discoverable by the exercise of due diligence.

Where the Container is stuffed or partially stuffed by or on behalf of the Merchant, the Merchant warrants that it has properly pre-cooled the Container, that the Goods have been properly stuffed and secured within the Container and that the temperature controls have been properly set prior to delivery of the Container to the Carrier, its agents, servants, or any Participating carrier or independent contractor. The Merchant accepts responsibility for all loss or damage of whatsoever nature resulting from a breach of any of these warranties, including but not limited to other cargo consolidated in the Container with the Merchant's Goods or to any other cargo, property or person damaged or injured as a result thereof, and the Merchant agrees to defend, indemnify and hold the Carrier, Participating carriers and independent contractors, their agents and servants, harmless from and against all claims, suits, proceedings and all other consequences thereof regardless of their nature and merit.

10. CARRIER'S EQUIPMENT:INDEMNITY Whenever the Merchant, or an agent, servant, contractor or anyone else acting on its behalf, directly or indirectly, takes possession of or exercises control over a Container and/or any equipment whatsoever owned or leased by, or the use of which is provided to, the Carrier, any Participating Carrier, their agents, servants or independent contractors, the Merchant agrees to defend, indemnify and hold harmless the Carrier, any Participating Carrier, their agents, servants and independent contractors from and against any loss or damage to said Container and equipment, as well as to any third-party property, and for any injury to or death of persons arising out of the use of said Container and equipment.

11. OPTION OF INSPECTION. The Carrier and any Participating carrier shall be entitled, but under no obligation, to open any Container at any time and to inspect the contents. If it thereupon appears that the contents or any part thereof cannot safely or properly be carried or carried further, either at all or without incurring any additional expense, the Carrier and Participating carrier may abandon the transportation thereof and/or take any measures and/or incur any reasonable additional expenses to continue the Carriage or to store the Goods, which storage shall be deemed to constitute due delivery under this Bill of Lading. The Merchant shall indemnify the Carrier against any reasonable additional Charges so incurred.

12. DECK CARGO. Deck cargo (except that carried in Containers on deck) and live animals are received and carried solely at Merchant's risk (including accident or mortality of animals), and the Carrier will not in any event be liable for any loss or damage for or from which he is exempt, immune or exonerated by applicable law, or from any other cause whatsoever not due to the fault of the Carrier, any warranty of seaworthiness in the premises being hereby waived, and the burden of proving liability being in all respects upon the Merchant. Except as may be otherwise provided, such shipments shall be deemed Goods and shall be subject to all Terms and Conditions of this Bill of Lading.

13. METHODS AND ROUTES OF TRANSPORTATION. With respect to the Goods or Containers or other packages, the Carrier may at any time and without notice to the Merchant:

- c) carry Goods on or under deck at its option;
- d) proceed by any route in its sole and absolute discretion and whether the nearest, most direct, customary or advertised route or in or out of geographical rotation;
- e) proceed to or stay at any place whatsoever once or more often and in any order or omit calling at any port, whether scheduled or not;
- f) store, vanned or devanned, at any place whatsoever, ashore or afloat, in the open or covered;
- g) proceed with or without pilots;
- h) carry livestock, contraband, explosives, munitions, warlike stores, dangerous or hazardous goods or goods of any and all kinds;
- i) drydock or stop at any unscheduled or unadvertised port for bunkers, repairs or for any purpose whatsoever;
- j) discharge and require the Merchant to take delivery, vanned or devanned;
- k) comply with any orders, directions or recommendations given by any government or authority or by any person or body acting or purporting to act with the authority of any government or authority or having under the terms of the insurance on the vessel or other conveyance employed by the Carrier the right to give such orders, directions or recommendations.
- l) take any other steps or precautions as may appear reasonable to the Carrier under the circumstances. The liberties set out in subdivisions a) through l) may be invoked for any purpose whatsoever even if not connected with the Carriage covered by this Bill of Lading, and any action taken or omitted to be taken, and any delay arising therefrom, shall be deemed to be within the contractual and contemplated Carriage and not be an unreasonable deviation.

In no circumstance whatsoever shall the Carrier be liable for direct, indirect or consequential loss or damage caused by delay.

14. MATTERS AFFECTING PERFORMANCE. In any situation whatsoever and wheresoever occurring and whether existing or anticipated before commencement of, during or after the Carriage, which in the judgment of the Carrier is likely to give rise to any hindrance, risk, capture, seizure, detention, damage, delay, difficulty or disadvantage or loss to the Carrier or any part of the Goods, or make it unsafe, imprudent, impracticable or unlawful for any reason to receive, keep, load, carry or discharge them or any part of them or commence or continue the Carriage or disembark passengers at the port of Discharge or at the usual or intended place of discharge or delivery, or to give rise to danger, delay or difficulty of whatsoever nature in proceeding by the usual or intended route, the Carrier and any Participating carrier, without notice to the Merchant, may decline to receive, keep, load, carry or discharge the Goods, or may discharge the Goods and may require the Merchant to take delivery and, upon failure to do so, may warehouse them at the risk and expense of the Merchant and Goods or may forward or transship them as provided in this Bill of Lading, or the Carrier may retain the Goods on board until the return of the Vessel to the Port of Loading or to the Port of Discharge or any other point or until such time as the Carrier deems advisable and thereafter discharge them at any place whatsoever. In such event, as herein provided, such shall be at the risk and expense of the Merchant and Goods, and such action shall constitute complete delivery and performance under this contract, and the Carrier shall be free from any further responsibility. For any service rendered as herein above provided or for any delay or expense to the Carrier or Vessel caused as a result thereof, the Carrier shall, in addition to full Charges, be entitled to reasonable extra compensation, and shall have a lien on the Goods for same. Notice of disposition of the Goods shall be sent to the Merchant named in this Bill of Lading within a reasonable time thereafter.

All actions taken by the Carrier hereunder shall be deemed to be within the contractual and contemplated Carriage and not be an unreasonable deviation.

15. DELIVERY. If delivery of the Goods or Containers or other packages or any part thereof is not taken by the Merchant when and where and at such time and place as the Carrier is entitled to have the Merchant take delivery, whether or not the Goods are damaged, they shall be considered to have been delivered to the Merchant, and the Carrier may, at its option, subject to its lien and without notice, elect to have same remain where they are or, if containerized, devanned and sent to a warehouse or other place, always at the risk and expense of the Merchant and Goods.

If the Goods are stowed within a Container owned or leased by the Carrier, the Carrier shall be entitled to devan the contents of any such Container, whereupon the Goods shall be considered to have been delivered to the Merchant, and the Carrier may, at its option, subject to its lien and without notice, elect to have same remain where they are or sent to a warehouse or other place, always at the risk and expense of the Merchant and Goods.

At ports or places where by local law, authorities or custom, the Carrier is required to discharge cargo to lighters or other craft or where it has been so agreed or where wharves are not available which the Vessel can get to, be at, lie at, or leave, always safely afloat, or where conditions prevailing at the time render discharge at a wharf dangerous, imprudent, or likely to delay the Vessel, the Merchant shall promptly furnish lighters or other craft to take delivery alongside the Vessel at the risk and expense of the Goods. If the Merchant fails to provide such lighters or other craft, Carrier, acting solely as agent for the Merchant, may engage such lighters or other craft at the risk and expense of the Merchant and Goods. Discharge of the Goods into such lighters or other craft shall constitute proper delivery, and any further responsibility of Carrier with respect to the Goods shall thereupon terminate.

16. CHARGES, INCLUDING FREIGHT. The Charges payable hereunder have been calculated on the basis of particulars furnished by or on behalf of the Merchant. The Carrier shall, at any time, be entitled to inspect, reweigh, remeasure or revalue the contents and, if any of the particulars furnished by the Merchant are found to be incorrect, the Charges shall be adjusted accordingly, and the Merchant shall be responsible to pay the correct Charges and all expenses incurred by the Carrier in checking said particulars or any of them.

Charges shall be deemed earned on acceptance of the Goods or Containers or other packages for shipment by the Carrier and shall be paid by the Merchant in full, without any offset, counterclaim or deduction, cargo and/or vessel or other conveyance lost or not lost, and shall be non-returnable in any event.

The Merchant shall remain responsible for all Charges, regardless whether the Bill of Lading states, in words or symbols, that it is "Prepaid," "To be Prepaid" or "Collect."

In arranging for any services with respect to the Goods, the Carrier shall be considered the exclusive agent of the Merchant for all purposes, and any payment of Charges to other than the Carrier shall not, in any event, be considered payment to the Carrier. The Merchant shall defend, indemnify and hold the Carrier, any Participating carrier, independent contractor, their agents and servants, harmless from and against all liability, loss, damage and expense which may be sustained or incurred relative to the above.

17. CARRIER'S LIEN. The Carrier shall have a lien on the Goods, inclusive of any Container owned or leased by the Merchant, and all equipment and appurtenances thereto, as well as on any Charges due any person, and on any documents relating thereto, which lien shall survive delivery, for all sums due under this contract or any other contract or undertaking to which the Merchant was party or otherwise involved, including, but not limited to, General Average contributions, salvage and the cost of recovering such sums, inclusive of attorneys' fees. Such lien may be enforced by the Carrier by public or private sale at the expense of and without notice to the Merchant. The Merchant agrees to defend, indemnify and hold the Carrier, any Participating carrier, independent contractor, their agents and servants, harmless from and against all liability, loss, damage or expense which may be sustained or incurred by the Carrier relative to the above and the Merchant agrees to

submit to the jurisdiction of any court, tribunal or other body before whom the Carrier may be brought, whether said proceeding is of a civil or criminal nature.

18. RUST. It is agreed that superficial rust, oxidation or any like condition due to moisture is not a condition of damage but is inherent to the nature of the Goods. Acknowledgement of receipt of the Goods in apparent good order and condition is not a representation that such conditions of rust, oxidation or the like did not exist on receipt.

19. GENERAL AVERAGE a) If General Average is declared, it shall be adjusted according to the York/Antwerp Rules of 1994 and all subsequent amendments thereto from time to time made, at any place at the option of any person entitled to declare General Average, and the Amended Jason Clause as approved by BIMCO is to be considered as incorporated herein, and the Merchant shall provide such security as may be required in this connection.

b) Notwithstanding a) above, the Merchant shall defend, indemnify and hold harmless the Carrier and any Participating carrier, their agents and servants, in respect of any claim (and any expense arising therefrom) of a General Average nature which may be made against the Carrier and/or any Participating carrier and shall provide such security as may be required by the Carrier in this connection.

c) Neither the Carrier nor any Participating carrier shall be under any obligation to take any steps whatsoever to post security for General Average or to collect security for General Average contributions due to the Merchant.

20. LIMITATION OF LIABILITY. Except as otherwise provided in this Clause or elsewhere in this Bill of Lading, in case of any loss or damage to or in connection with cargo exceeding in actual value the equivalent of \$500 lawful money of the United States, per package, or in case of cargo not shipped in packages, per shipping unit, the value of the cargo shall be deemed to be \$500 per package or per shipping unit. The Carrier's liability, if any, shall be determined on the basis of a value of \$500 per package or per shipping unit or pro rata in case of partial loss or damage, unless the nature of the cargo and valuation higher than \$500 per package or per shipping unit shall have been declared by the Merchant before shipment and inserted in this Bill of Lading, and extra freight paid if required. In such case, if the actual value of the cargo per package or per shipping unit shall exceed such declared value, the value shall nevertheless be deemed to be declared value and the Carrier's liability, if any, shall not exceed the declared value.

The words "shipping unit" shall mean each physical unit (e.g., container, bundle, pallet, etc.) or piece of cargo not shipped in a package, including articles or things of any description whatsoever, except cargo shipped in bulk, and irrespective of the weight or measurement unit employed in calculating freight and related charges.

As to cargo shipped in bulk, the limitation applicable thereto shall be the limitation provided in Section 1304(5) of COGSA, or such other legislation, convention or law as may be compulsorily applicable, and in no event shall anything herein be construed as a waiver of limitation as to cargo shipped in bulk.

Where a Container is not stuffed by or on behalf of the Carrier or the parties characterize the Container as a package or a lump sum freight is assessed, in any of these events, each individual such Container, including in each instance its contents, shall be deemed a single package and Carrier's liability limited to \$500 with respect to each such package, except as otherwise provided in this Clause or elsewhere in this Bill of Lading with respect to each such package. In the event this provision should be held invalid during that period in which compulsory legislation shall apply of its own force and effect, such as during the tackle-to-tackle period, it shall nevertheless apply during all non-compulsory periods such as, but not limited to, all periods prior to loading and subsequent to discharge from the Vessel and during the entire time for which the Carrier remains responsible for the Goods.

Where compulsorily applicable legislation provides a limitation less than \$500 per package or shipping unit, such lesser limitation shall apply and nothing herein contained shall be construed as a waiver of a limitation less

than \$500.

Further, where a lesser monetary limitation is applicable, such as during handling by a Participating carrier or independent contractor and damage occurs during its or their period of care, custody, control and/or responsibility, the Carrier shall be entitled to avail itself of such lesser limitation.

21. NOTICE OF CLAIM: TIME FOR SUIT. As to any loss or damage presumed to have occurred during the Carrier's period of responsibility, the Carrier must be notified in writing of any such loss or damage or claim before or at the time of discharge/removal of the Goods by the Merchant or, if the loss or damage is not then apparent, within 3 consecutive days after discharge/delivery or the date when the Goods should have been discharged/delivered. If not so notified, discharge, removal or delivery, depending upon the law applicable, shall be prima facie evidence of discharge/delivery in good order by the Carrier of such Goods. In any event, the Carrier shall be discharged from all liability of whatsoever nature unless suit is brought within 1 year after delivery of the Goods or the date when the Goods should have been delivered, provided however, that if any claim should arise during a part of the transport which is subject by applicable law and/or tariff and/or contract to a shorter period for notice of claim or commencement of suit, any liability whatsoever of the Carrier shall cease unless proper claim is made in writing and suit is brought within such shorter period. Suit shall not be deemed "brought" unless jurisdiction shall have been obtained over the Carrier by service of process or by an agreement to appear. In the event this provision should be held invalid during that period in which compulsory legislation shall apply of its own force and effect, such as during the tackle-to-tackle period, it shall nevertheless apply during all non-compulsory periods during which the Carrier remains responsible for the Goods.

22. This Bill of Lading shall be construed according to the laws of the United States and the Merchant agrees that any suits against the Carrier shall be brought exclusively in the Federal Courts of the Southern District of Florida, United States of America, to the exclusion of any other court PROVIDED ALWAYS that the Carrier may in its absolute and sole discretion, voluntarily submit to the jurisdiction of another, but such shall not constitute a waiver of the terms of this provision in any other instance.

23. NON-WAIVER AND SEPARABILITY. Nothing in this Bill of Lading shall operate to deprive the Carrier of any statutory protection or any defense, immunity, exemption, limitation of or exoneration from liability contained in the laws of the United States, or of any other country whose laws may be compulsorily applicable. The Terms and Conditions of this Bill of Lading (including all the terms and conditions of the carrier's applicable tariff or tariffs, incorporated herein by virtue of Clause 2. above) shall be separable, and if any part or term hereof shall be held invalid such holding shall not affect the validity or enforceability of any other part or term hereof.

RULE 23 – ACCEPTANCE OF TERMS AND CONDITIONS

Merchant, by utilizing the services of Carrier pursuant to an NSA or NRA shall be deemed to have consented to the Freight Rates and Charges set forth in the NSA or NRA and shall be deemed to have accepted all of the terms and conditions in this Rules Tariff including but not limited to those terms and conditions in Rule 22 notwithstanding the non-signing of the Bill of Lading by Merchant.

RULE 24 – DETENTION, DEMURRAGE OR STORAGE

Goods received at break-bulk terminal, CFS or CY are subject to free time and wharf detention, demurrage, or storage provisions of the appropriate port terminal tariff. In the absence of such tariff, the free time and charges contained in the closest public port terminal tariff will apply.

Should there be no port terminal tariff or public port terminal tariff to apply, the free time allowed will be three days, and the following charges will apply per 24-hour period or fraction thereof:
